International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD) is a double-blind peer reviewed, open-access, online and scholarly journal financed by Silifke Chamber of Commerce and Industry (SITSO) which is a member of Union of Chambers and Commodity Exchanges of Turkey (TOBB).

UTISGAD is committed to a high quality, efficient review process with a first round response time of typically less than two months. UTISGAD adopts a fast review and publication process. Article Submission System is used within the journal web site and submission/review process is carried out by the Utisgad online reviewer system.

The Journal is published biannually in July and December. It aims to publish original and outstanding studies written in English and Turkish Languages, to convey the latest developments and researches within the related fields towards the scientists and to the readers. It is a multi-disciplinary journal published annually in order to improve knowledge and understanding of commerce, industry, entrepreneurship perception and innovation capabilities of the new entrepreneurs. The Journal particularly welcomes contributions from early-career researchers.

The Journal covers all the main and subfields of business and management researches within social sciences and especially focuses on business administration and entrepreneurship. The Journal is also involved in both experimental and theoretical studies on the subject area of entrepreneurship and innovation capabilities.

The Journal does not charge for any article submissions or for processing. Submission of an article implies that the work described has not been published previously and it is not under consideration for publication elsewhere. All the responsibilities for the article belong to the authors. The publications of papers are selected through double peer reviewed to ensure originality, relevance and readability.

**Repository of Utisgad Journal including previous issues is available on the website: <https://utisgad.org/>*

EDITORIAL BOARD

EDITOR-IN-CHIEF

Assoc. Prof. Dr. Muhammet SAYGIN	<i>Mersin University, Turkey</i>
---	----------------------------------

CO-EDITORS (FIELD EDITORS)

Prof. Dr. Mustafa BEKMEZCİ	<i>Toros University, Turkey</i>
Assoc. Prof. Dr. Hatice BAYSAL	<i>Süleyman Demirel University, Turkey</i>
Assoc. Prof. Dr. Metin OCAK	<i>Toros University, Turkey</i>
Assoc. Prof. Dr. Sibel ÖZAFŞARLIOĞLU	<i>Uşak University, Turkey</i>
Asst. Prof. Dr. Gaye ONAN	<i>Mersin University, Turkey</i>
Asst. Prof. Dr. Wasim Ul REHMAN	<i>University of the Punjab, Pakistan</i>

TECHNICAL EDITORS

Dr. Esra ÖZTÜRK	<i>Toros University, Turkey</i>
Res. Assist. Ecem ÖZHAN	<i>Toros University, Turkey</i>
Res. Assist. Toprak KARAKUŞ	<i>Toros University, Turkey</i>
Kevser Ezgi KAYNAR	<i>Toros University, Turkey</i>

CORPORATE REPRESENTATIVE

Gül BAYDAR	<i>Silifke Chamber of Commerce and Industry, Turkey</i>
-------------------	---

* Please note that even if the submissions are accepted by the reviewers, manuscripts are not published unless approved by the editorial board. As stated within the scope of the contract signed by authors, all the legal, ethical and scientific obligations related to the submitted manuscript belong to the authors.

ADVISORY BOARD

M. Rifat HİSARCIKLIOĞLU	<i>President, Union of Chambers and Commodity Exchanges of Turkey (TOBB)</i>
Nurettin KAYNAR	<i>President of the Executive Board, Silifke Chamber of Commerce and Industry</i>
Yıldırım BAYDAR	<i>General Secretary of Silifke Chamber of Commerce and Industry</i>
Abdulkaki UYSAL	<i>President of the Assembly, Silifke Chamber of Commerce and Industry</i>
Erdin SOY	<i>Vice President of the Executive Board, Silifke Chamber of Commerce and Industry</i>
Hüseyin KASAP	<i>Member of the Executive Board, Silifke Chamber of Commerce and Industry</i>
Mustafa UYSAL	<i>Member of the Executive Board, Silifke Chamber of Commerce and Industry</i>
Osman TUĞRAN	<i>Member of the Executive Board, Silifke Chamber of Commerce and Industry</i>
Ali IŞIK	<i>Member of the Executive Board, Silifke Chamber of Commerce and Industry</i>

PEER-REVIEW AND PUBLICATION PROCESS

The journal adheres to a double-blind peer reviewing policy in which the identity of both the reviewer and author are concealed from both parties unless this proves impossible because of extensive self-citation or other identifying features in the text. The journal is published online biannually in July and December and covers the studies carried out within the field of Social Sciences.

Editorial Review Process: All manuscripts are reviewed initially by the pre-editors and only those papers that meet the scientific and editorial standards of the journal, and fit within the aims and scope of the journal, will be sent for outside review.

Peer Review Process: Each manuscript is reviewed by at least two referees. Authors might be requested to suggest the names, affiliations and contact information of two qualified but independent reviewers who may be suitable to serve as referees. The recommended referees should come from different institutions. The Editors are under no obligation to use all or any of these individuals as reviewers. Please be aware of any conflicts of interest when recommending reviewers. Examples of conflicts of interest are included (*but are not limited to*) the below:

- The reviewer should have no prior knowledge of your submission.
- The reviewer should not have recently collaborated with any of the authors.
- Reviewer nominees from the same institution as any of the authors are not permitted.

Publication Process: The followings steps are followed:

- Authors read the pages within “**Author Guidelines**” menu carefully.
- Authors ensure that they are submitting to the most suitable journal and your manuscript is accurate and readable.
- Authors register as an “Author” on the website. Then, they submit their manuscripts within “**Article Submission**” system.
- After the manuscript is uploaded to the system, the relevant information is be given to the author(s) by e-mail. Manuscript are checked through plagiarism checkers. (Turnitin & IThenticate) If the manuscript has a similarity rate of more than %20, authors are informed that the paper is rejected.
- When the article is found suitable in terms of form and content, it is sent to the members of the Referee Board for double-blind peer-review process.
- Based on double blinded peer review reports, editor take decision to accept or reject the paper or editor can take decision of re-submission of manuscript after suggested changes. If the article is accepted after the final evaluation, an e-mail is sent to the author within 5-7 days regarding the acceptance of the paper.
- It is foreseen that the whole process will be completed within a period of 2 months.

PUBLISHING AGREEMENT & COPYRIGHT FORM

PUBLISHING AGREEMENT & COPYRIGHT FORM includes the statements given below and the form should be read carefully and signed by the author(s).

“I hereby assign to **International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD)** the copyright in the manuscript identified above and any supplemental tables, illustrations or other information submitted therewith that are intended for publication as part of or as a supplement to the manuscript (the “Article”) in all forms and media (whether now known or hereafter developed), throughout the world, in all languages, for the full term of copyright, effective when and if the article is accepted for publication. Ethical standards for publication exist to ensure high-quality scientific publications, public trust in scientific findings, and that people receive credit for their ideas. So, I confirm that;

- I have read and understand the full list of rights retained by authors and also agree to the other *General Terms of Publication*.
- All the research meets the **ethical guidelines**, including adherence to the legal requirements of the study country.
- I have prepared a complete text minus the title page, acknowledgements, and any running headers with author names, to allow blinded review.
- The submission has been submitted solely here and is **not published, in press, or submitted elsewhere**.
- I agree to publish article as online, open access.
- I have avoided **Data Fabrication and Falsification**. (*Data fabrication means the researcher did not actually do the study, but faked the data. Data falsification means the researcher did the experiment, but then changed some of the data*)
- I have avoided **Plagiarism**. (*Plagiarism means taking the ideas and work of other scientists without giving them credit is unfair and dishonest. Copying even one sentence from someone else’s manuscript, or even one of your own that has previously been published, without proper citation*)
- I have avoided **Multiple Submissions**. (*It is unethical to submit the same manuscript to more than one journal at the same time. Doing this wastes the time of editors and peer reviewers, and can damage the reputation of the authors and the journals if published in more than one journal as the later publication will have to be retracted.*)”
- I have avoided **Redundant Publications**. (*This means publishing many very similar manuscripts based on the same experiment. Combining your results into one very robust paper is more likely to be of interest to a selective journal.*)
- I have avoided **Improper Author Contribution or Attribution**. (*All listed authors must have made a significant scientific contribution to the research in the manuscript and approved all its claims.*)”

OPEN ACCESS POLICY

The policy of **BOAI – Open Access Policy (Budapest Open Access Initiative)** has been applied in our journal. Declaration has already been signed by International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD). You can check the organization signatures by **following this link**. The BOAI is a statement of principle, a statement of strategy, and a statement of commitment. The initiative was signed by the Budapest participants and thousands of individuals and organizations from around the world who represent researchers, universities, laboratories, libraries, foundations, journals, publishers, learned societies, and kindred open-access initiatives. For an institution, signing means a commitment to open access by supporting institutional self-archiving and/or open-access-journals.

CC – COPYRIGHT LICENCE

International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD) © 2022 is licensed under CC BY-NC 4.0 International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD) applies the Creative Commons Attribution Non-Commercial License (CC BY-NC 4.0) to the articles published in the journal. This license requires that reusers give credit to the creator. It allows reusers to distribute, remix, adapt, and build upon the material in any medium or format, for noncommercial purposes only. The license allows unrestricted download, reuse, reprint, modification, distribution and copy of the articles without the permission from the author(s) or the publisher provided the original author(s) and source are cited (<https://creativecommons.org/licenses/by-nc/4.0/>)

PUBLICATION ETHICS

- Authors confirm that the submission has been submitted solely here and is not published, in press, or submitted elsewhere.
- Authors confirm that all the research meets the ethical guidelines, including adherence to the legal requirements of the study country.
- Authors confirm that you have prepared a complete text minus the title page, acknowledgements, and any running headers with author names, to allow blinded review.
- Authors confirm that submission hasn't been submitted previously.
- Authors confirm to publish article as open access under a Creative Commons Attribution Licence. International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD) © 2022 is licensed under CC BY-NC 4.0
- Authors confirm to view and approve the PDF proof file on the utisgad system before submission.

- Authors confirm that ethical standards for publication exist to ensure high-quality scientific publications, public trust in scientific findings, and that people receive credit for their ideas.

It is important to avoid:

- **Data fabrication and falsification:** Data fabrication means the researcher did not actually do the study, but faked the data. Data falsification means the researcher did the experiment, but then changed some of the data.
- **Plagiarism:** Taking the ideas and work of other scientists without giving them credit is unfair and dishonest. Copying even one sentence from someone else’s manuscript, or even one of your own that has previously been published, without proper citation is considered plagiarism—use your own words instead.
- **Multiple submissions:** It is unethical to submit the same manuscript to more than one journal at the same time. Doing this wastes the time of editors and peer reviewers, and can damage the reputation of the authors and the journals if published in more than one journal as the later publication will have to be retracted.
- **Redundant publications:** This means publishing many very similar manuscripts based on the same experiment. Combining your results into one very robust paper is more likely to be of interest to a selective journal. Editors are likely to reject a weak paper that they suspect is a result of salami slicing.
- **Improper author contribution or attribution:** All listed authors must have made a significant scientific contribution to the research in the manuscript and approved all its claims. Don’t forget to list everyone who made a significant scientific contribution, including students and laboratory technicians. Do not “gift” authorship to those who did not contribute to the paper.

ARTICLE PROCESSING CHARGE

UTISGAD **does not charge** for any article submissions or for processing. The publication costs for *International Journal of Commerce, Industry and Entrepreneurship Studies (UTISGAD)* are covered by Silifke Chamber of Commerce and Industry (SITSO) so **authors do not need to pay an article-processing charge.**

ARTICLE SUBMISSION PROCESS

The journal accepts the papers only through the article submission system. Article Submission Process should be read by the authors carefully. It is recommended to out the **Article Submission and Publication Workflow.**

Also, authors must have signed and uploaded **PUBLISHING AGREEMENT & COPYRIGHT FORM** (*must be pdf*) during the article submission process.
